

# Women's Golf Information for Fall 2010

Contact Information

Andy Hunt

[dahunt@wcpss.net](mailto:dahunt@wcpss.net)

School: 870-4250

**First Practice:** It's a meeting actually--10 a.m. on Tuesday, August 10, **room 107**. If we have to relocate due to maintenance, I will contact you or leave word in the main office. You need to bring any remaining outstanding paperwork. (Physical, Travel form)

**Where will practice be?** Generally, at Wildwood Green. Other locations may be used during the year due to course availability issues.

**When will practice be?** Monday through Thursday. Match days will be on Tuesdays this year for Cap-7. Until school starts, we will practice at 4:00 pm. Practice during the school year will start around 3:00 to allow us time to travel. Wednesdays during the school year, you will have off due to meetings. Times for the length of practice vary—figure an hour to an hour and a half for range days; two hours or so for days that you play. You must demonstrate some level of proficiency before being allowed to play on the course.

**How many will be on the team?** It depends on the ability of those who try out. Only 5 can travel to matches. I will probably keep no more than 10—that doesn't mean, however, that I will keep 10.

**What can I do to improve my game now?** There are several things...

- 1.) Get a lesson—on a regular basis. Spend time with your pro and work to improve your game. Camps are certainly an option, but you ought to weigh cost to contact time with the instructor.
- 2.) Practice often. Go to the range. Spend time on the putting green and in the practice bunker. While playing frequently may develop course management skills, continuous work on becoming a more consistent ball striker is more beneficial to your game!
- 3.) Play competitive golf. Triangle Youth Golf Association ([www.tyga.org](http://www.tyga.org)) runs a series of junior tournaments and so does Triad Golf Today ([www.tgtyt.com](http://www.tgtyt.com)). These tournaments will happen all over a 3 state area, but many are local...
