

## **Second Language Course Information**

(Taken from the Wake County Office of Second Language, Senior Administrator, Tom Huffstetler, [thuffstetler@wcpss.net](mailto:thuffstetler@wcpss.net))

- For the majority of students, second language study should begin in grade 10. This allows completion of at least three units with maximum flexibility in the schedule, and supports studies through AP with minimum likelihood of gaps between courses.
- Middle school students who have excelled in second language study and who have passed the most advanced course at their school (Spanish/French 1B or Advanced Spanish/French) as well as the district-wide exit exam, may receive high school credit for the course. These students have the option of registering for the Level II class as a freshman.
- Middle School Students who have a strong B or A in their English class may sign-up for a second language as a 9<sup>th</sup> grade student but it is recommended that they only do this if they are planning to take several courses in the second language during their high school career.
